To whom it may concern

RE: CHOC WALK up SANI PASS sponsorship of flags

2019 marks 40 years of CHOCs service to the South African community. 2019 will also be our 10th CHOC WALK up SANI PASS and it's all thanks to the support we get from our CHOC supporters, sponsors and partners. Our Regional budget is in excess of R3 million rands and we plan diverse fundraisers to ensure that we raise the funds to sustain the excellent work that we do. Our CHOC Walk up Sani Pass is one such fundraiser.

Every year our enthusiastic walkers request markers along the way to help them know how far they have to go before they reach the top of SANI. After a think tank we want to offer your company the opportunity to sponsor a teardrop flag. A flag will be positioned every ½ a kilometer until we the top of the mountain. We calculated 16 flags in all with your company's logo and CHOCs logo. We will also include your company's logo on our tshirts.

On a wider platform you partner with an organisation that reaches masses of families whose children are diagnosed with cancer and has a regional, national, African and international footprint.

The cost per flag is R5000. We are not able to provide a Section 18A but we can give you our BEE status report.

CHOC is uniquely positioned to provide holistic support for children with cancer and their families. CHOC is a parent support organisation and CHOC partners with the treatment centre and parents to provide complete support. Our programmes cover all areas of childhood cancer from support during treatment and awareness prior to being diagnosed, accommodation, and transport cost, funeral support and psychosocial support with a trained social worker. We have 10 CHOC Houses and 2 CHOC Lodges in South Africa, 2 of which are in KZN.

Kindly contact me for more information and a warm thank you.

Kind Regards

Agie Govender

Regional Manager - CHOC KZN
